

Our Lumber City feature of the month:

Lumber City Germiston:

Steven & Colleen Bailey (with 2 other partners at the time) opened their Lumber City in Edenvale 10 years ago. Since inception they grew rapidly, probably because of their previous experience of the board industry. One can only marvel at their ability to grow, survive the recessionary times and their loyalty to the Lumber City Group throughout the years. No wonder all the awards they received (as seen proudly hanging on the back wall in the photo in the middle).

In 2011 they were appointed the Lumber City Bulk Store in Gauteng, served our Lumber City branches well, but in 2013 decided that they did not want to be in the low margin bulk distribution business.

They also relocated their Lumber City to Germiston and have a huge and beautiful building with lots of room to grow their business. A wise move I believe.

They have an attractive sales area and their machine shop boasts with a beam saw as well as a panel saw and edging machine. They are busy with a showroom in the front which will undoubtedly attract the walk-in trade.

Steven & Colleen's hard work, perseverance, knowledge of the trade and the good service they provide will without doubt, pay dividends. We are proud to have such people in our group!
